## Governor's Message: Continuity and Change

DG John and Christie Adams pictured with Rotary International President Kalyan and Binota Banerjee at the International Assembly in January, 2011

Last month I used this newsletter space to begin a discussion of Rotary International President Kaylan Banerjee's emphases for this year; Family, Continuity and Change. In that message I focused solely on Family (see <http://6740newsletter.blogspot.com/2011/07/message-from-governor.html> ), while today I look the other two emphases of "Continuity" and "Change. " When I first heard President Kaylan announce the idea of Rotary focusing on "continuity and change" in the same year my immediate thought was that the two concepts were mutually exclusive. Trying to perform opposites is not focusing. Then he explained that Rotary must continue to do the things Rotary does well; and change where Rotary is failing to meet challenges.

### Continuity

Fellowship, awareness, and action result when Rotarians come together. Rotarians do amazing things together, things we could not accomplish alone. Together we accomplish projects as diverse as handing out dictionaries to school children at a local elementary school to eradicating Polio around the world. Rotary does service through fellowship well, and that will not change. Rotarians value diversity and understanding of others, and that will not change. Rotarians strive to set high ethical standards in their occupations and their dealings with others, and that will not change. Rotarians are leaders and seek to improve themselves and their

communities, and that will not change.

Graduate students at Northwestern University summed up the above values and actions of Rotarians by describing Rotary as "A network of inspired individuals who translate their passions into relevant social causes to change lives in communities". That is quite the compliment. The Rotary International Board adopted the statement as Rotary's "Core Essence". I submit we must continue to uphold and act on core values of Service, Fellowship, Diversity, Integrity, and Leadership.

**Change**

So what needs to change? Rotary's biggest challenge is a failure to grow in terms of membership. In North America we are at best holding steady, if not declining in membership slightly. How could that be since we do so many good things well? The exact answers vary from Rotary club to Rotary club; but studies show clubs are failing to bring in new members, or losing existing members faster than they bring in new members.

Failing to bring in new members can be addressed in two ways. First, are we asking **qualified** friends and associates to take a look at becoming a Rotarian? Statistically only 25% of Rotarians have successfully sponsored a new member in their club. That statistic needs to change. Second, are our clubs known to our communities and to potential **qualified** new members? In past generations, Rotary membership carried great a social and vocational prestige value to potential members. That prestige alone resulted in membership. I submit that we carry the same prestige today as we did in the past. But today, prestige alone does not attract members to the degree it did in the past. Today, potential new members not only require prestige, but also want to know what we do. Are we known to our potential members and do our potential members know what we do? In the past we did not actively promote our clubs and their service activities, but today we must.

The second membership issue, member retention, requires club leaders to understand that the member's satisfaction from his or her club membership must be greater than the costs (financial, time, effort, etc.) of that membership. Clubs must be vibrant and active to cause member engagement. Recently Rotary International's Strategic Planning Committee proclaimed that we must change from an attendance oriented organization to an engagement based membership. To successfully retain members, a club must be focused on commonly accepted goals which are executed with good planning. I submit club leaders must be trained to a greater degree than ever and clubs must think more strategically in their planning. Engagement of every member must be included in that planning. Clubs must change from only measuring attendance, and must also measure and promote engagement to retain its members.

**Summary**

Continuity and change do not have to be mutually exclusive in Rotary. Who we are, our values and what we do will continue. How we express our identity, invite new members, and how we judge member satisfaction may change.

## RC Whitesburg improves Housing Authority park with basketball goals

The Rotary Club of Whitesburg purchased new basketball goals for the Housing Authority's basketball court as one of the Service Projects for this year. Rotary Club members passed out fliers on Sunday prior to the event to all of the children living at the Housing Authority inviting them to the Dedication Day on Wednesday afternoon August 10th. Twenty-four (24) new basketballs, purchased by the Rotary members, were given away, along with free Rotary balloons. Refreshments of pizza, cupcakes, cookies and drinks were furnished, compliments of Whitaker Bank, Inc. of Whitesburg, and served by Rotary members.

Reporters/Photographers from both local newspapers were present.

Jackson McCall posed with a new basketball he was given by members of the Whitesburg Rotary Club.

## Get to Know RC Stanford

Introducing a new feature to the newsletter - Meet A Rotary Club! Each month we will pick a club at random. This month - thank you to RC Stanford for having this information in their club bulletin and on DacDB!

Please visit the club's facebook page using this link:

<https://www.facebook.com/profile.php?id=100000942745758&sk=wall>

On January 26, 1928, the Stanford Rotary Club was formed by the Harrodsburg Club. The first President of the Stanford Club was Kendrick Alcorn, a prominent Kentucky Circuit Court Judge. In the 1940s, Foster Phillips was the first Stanford Rotarian to achieve Paul Harris fellow designation and also the only member from the local club to serve as District Governor.

The Stanford Rotary Club has continued to maintain a membership of approximately 30 members since its inception in 1928. The club has also maintained a very active community presence throughout its 80 year history. This active presence includes the 1938 purchase of the William Whitley House - The club bought the house and property from the heirs and gave it to the Commonwealth of Kentucky for posterity. Then in 1950, the club raised funds to assist the State's efforts to refurbish the house.

The club has and continues to sponsor many local projects, including scholarships for Lincoln County students, the Boy Scouts of America Troop 148, Winterfest Christmas Toy Drive, World Affairs Institute and Simulated United Nations Conference for local high school students, summer 4-H Camp scholarships, Adopt-a-Highway clean-up project, local high school speech contests (winner receiving scholarship funds), Heritage Hospice Care Bear Project, and many others. These projects now amount to well over \$100,000 in donations, which doesn't include the time invested by many individual club members.

These projects and the dedication of the local club members to the Rotary motto *Service Above Self* make the Stanford Rotary Club what it is – a place to impact others in a positive way.

## Remote Area Medical Clinic - Somerset, Kentucky Volunteer Opportunity

This article appears on the Central Kentucky news website, [http://articles.centrankynews.com/2011-07-21/theinteriorjournal/29801325\\_1\\_remote-area-medical-pulaski-county-medical-professionals](http://articles.centrankynews.com/2011-07-21/theinteriorjournal/29801325_1_remote-area-medical-pulaski-county-medical-professionals)

## Two days in September

### FREE MEDICAL AND DENTAL CARE

July 21, 2011 | By Katelynn Griffin

Remote Area Medical, an organization that provides free medical service around the world, will soon be holding a clinic providing free medical services to Pulaski and surrounding counties, including Lincoln.

The event is being hosted by the Somerset Pulaski Rotary Club and event coordinator Dr. Steve Hieronymus is visiting the counties to raise funds for the event. Hieronymus is seeking \$10,000-\$15,000 in funds, but the total cost is around \$35,000.

Pulaski County and the city of Somerset have donated \$5,000 apiece. Hieronymus spoke at last week's Fiscal Court meeting to ask for financial assistance. He has also visited McCreary and Wayne counties to seek donations.

This is truly a first for not only the Rotary club, but for the county as well. "This is the first time anybody has done it in Pulaski," former Somerset Pulaski Rotary President Pamela Jensen- Stanley said.

The event will take place at the Southern Middle School located in Somerset. It will last two days, September 17-18 and services offered vary from general medical care, to vision and dentistry.

Diabetes and cardiovascular screenings will be available. Common dentistry care will include fillings, cleanings, extractions and denture care. Eye exams will be offered and if a prescription is simple in nature, the facility will be able to crank out approximately 300 eye glasses in the two day period.

The idea behind the program is simple. "Take medical services to underserved populations," Hieronymus said.

[project \(9\)](#) [ShelterBox \(1\)](#) [short term exchange program \(1\)](#) [Somerset-Pulaski \(1\)](#) [Stanford \(1\)](#) [STEP \(1\)](#) [training \(2\)](#) [Treasurer \(1\)](#) [Versailles-Woodford County \(3\)](#) [volunteer \(1\)](#) [water \(1\)](#) [Whitesburg \(2\)](#) [youth \(3\)](#)

Everyone is welcome to receive free medical care. Service is available to both the insured and uninsured. Though located in Pulaski adjacent counties can also come to the clinic. Hieronymus estimates that between 1,200 and 1,500 people will attend the event. Services provided in these two days could total around \$400,000.

RAM will provide the medical supplies and equipment, but it is up to the local community to supply the volunteers- everything from nurses, doctors, technicians and general help.

RAM is still seeking volunteers and with the event only two months away, Kate Cabrini is hoping that more volunteers will come forward. "We need a lot," Cabrini said. "Dentists we definitely need."

About 150 general volunteers are needed, but that does not include the doctors or nurses. Medical professionals don't have to be practicing in Pulaski, or even in the state for that matter. Since this is a charitable event, laws allow for medical practitioners from outside of the state to volunteer. Medical professionals have to be registered by August 15 to give RAM sufficient time to verify their licenses. "We are not going to turn anyone away," Cabrini said.

RAM founder, Stan Brock had spent 15 years in an isolated area in South America, where he witnessed the plight of the local Wapishana Indians. After leaving the Amazon Rainforest, he became the co-star on the television series "Mutual of Omaha's Wild Kingdom." It became Brock's personal mission to deliver medical aid to people in the most isolated regions in the world.

Brock was able to form a network of physicians, nurses, technicians and veterinarians who would travel to different parts of the world- at their own expense- to treat thousands of patients. After discovering need for medical care in the United States, RAM headquarters was established in Knoxville, Tennessee. State's in the Appalachian area where especially vulnerable and clinics were quickly set up throughout Tennessee, Kentucky and Virginia. According to the organizational web site, 60 percent of expeditions are serving rural areas in the United States.

The first free clinic in Kentucky was in June of 2008 in Pike County. Due to the success and high turnout, this prompted the creation of RAM KY. Dr. Bill Collins is the chairman of the board and is responsible for many of the events held in the state.

People will be given a number starting at 3:30 a.m. each day prior to the opening of the clinic. The clinic is scheduled to open at 6:00 a.m. and people will be seen on a first come, first served basis. The best advice is to arrive early and be prepared for a potentially long wait.

If interested in volunteering for the event in Pulaski, please fill out the form available online at [www.ramusa.org](http://www.ramusa.org) or contact Kate Cabrini at 859-797-6705.

## Ambassadorial Scholar prepares for New Zealand

When we think about what it means to be a Rotarian, the words – Service Above Self come to mind. Hunter Davis is learning very early what those words mean.

Davis, 22, is the first candidate from the Ashland Rotary Club to be selected as a recipient of the Rotary Ambassadorial Scholarship. Scholarship winners receive an award of \$27,000 to finance a year of study abroad.

Ashland Rotary Club board member Stuart Webb said, "It's an honor when your candidate gets selected. It's an honor for you club, an honor for your area and it's an honor for the district when you send someone over."

Hunter grew up in Russell and graduated from the University of Louisville. In January, he will be attending Victoria University in Wellington, New Zealand. Hunter was advised against his first choice of Christchurch, New Zealand due to an earthquake striking the area earlier in the year.

Hunter is not a stranger to New Zealand. He travelled there as a child. Davis also served as an intern in the Scottish Parliament in the fall of 2009 and found it very interesting learning about their young political system. The parliament of Scotland was not established until the 1990s.

While in New Zealand, Hunter will be speaking to Rotary clubs in the area and will hopefully be trading flags with the overseas clubs.

Students are required to perform a service project while studying abroad. Davis has proposed creating a civic education program that would bring government leaders into Wellington's high schools. Not all students get to see their programs come to fruition, but Hunter is not deterred. He hopes to either see his project started or to be able to help with other projects already under development in Wellington.

Hunter recently spoke at the Ashland Rotary Club about his acceptance of the scholarship and his plans for the future.

Ashland Rotary Club President Cheryl Spriggs says she thinks Davis will represent the club well. "We feel it's quite an honor, and we're just thrilled with Hunter." Spriggs said.

## Dust off your cookbook - RC Richmond Chili Cookoff to be held October 1

RC Richmond's 3rd annual Chili Cook-Off will be held at Richmond Centre on Saturday, October 1st. It is a lot of fun and the club would love to have some of its fellow Rotarians come on out and compete! Proceeds will go to Habitat for Humanity! Cash prizes, raffles, beer wagon, music ... a ton of fun!

Also, the club will be celebrating its 90th birthday this year! Details to follow - stay tuned!

## RC Middlesboro recognizes local student

RC Middlesboro has started a new program this year, inviting a junior or senior from the local area that has shown citizenship, service above self, leadership and community effort. Michael Wilson and his mother are pictured here at the Rotary meeting. Michael is in the Pineville first Tee program and has represented that chapter two years in a row out in Pebble Beach. Both years he got to play with the professional golfers on the Senior champions tour. The First Tee encourages a lot of the same virtues that Rotary encourages. Besides his excellent golfing skills, he also excels in school.

## Meet a Rotarian!

A new feature of the newsletter will introduce you to your fellow Rotarians. This month, meet Craig Loftis, RC Berea. Thank you Craig for participating!

When did you join Rotary? **1998 in Somerset, KY as a charter member of the breakfast club.**

Why did you join Rotary? **I was invited by another Rotarian, Tom Elswick and became involved immediately.**

What is your favorite Rotary memory? **We just did a Rotary Fish Fry with our club and it was a big success for fundraising and building team with our club. The WEG was a close second place.**

What is your favorite Rotary activity? **Working and actually doing things in the community. Not so much giving money, but giving time.**

**Another fun fact - Craig inducted DG John Adams into the Rotary Club of Somerset-Pulaski.**

## Congratulations PDG Tom Ashford and Polky!!!

Tom and Polky - thank you so much for all of your hard work and dedication to MidSouth PETS. Such exciting news and well deserved!!

An announcement from Bo Porter re: MidSouth PETS.

It is my pleasure to share with you action taken today by the current DGEs and DGNs of the six districts of Mid-South PETS. By unanimous vote of those present, Tom Ashford, D6740 was selected to serve as General Chair for the period July 1, 2012 - June 30, 2015. Tom will serve as Vice Chair for this 2011-12 year and additionally as Hospitality Chair for 2011-12.

Congratulations Tom!!!!!!! Our PETS is in good hands with you and Polky.

PDG Bo Porter (2002 - 2003)  
Rotary District 6860

## LABELS

Grab your clubs and shoes and head to the links with RC Pikeville!

**Pikeville Rotary Club**  
"Service Above Self"  
Golf Outing

**Monday, September 12, 2011**  
**Green Meadow Country Club**  
6887 N. Mayo Trail  
Pikeville, KY 41501

*In May 2012, scholarships will be awarded to deserving seniors (one from each of the six area high schools) who have shown a sustained commitment to community service. The awarding of these scholarships is designed to encourage high school students toward lives of service to their community and the world.*

Reach Within to Embrace Humanity

**PIKEVILLE ROTARY CLUB**

"Service Above Self"  
**Golf Outing**

**Monday, September 12, 2011**  
**Green Meadow Country Club**

**The Object of Rotary**

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to service society;

THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life; and

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## Rotary Work Days in Joplin

DG John received this email from one of his DG classmates. We thought it should be shared as many have expressed an interest in helping Joplin.

=====

==

To Fellow Rotary Class of Governors,

As you know, Joplin, Missouri is recovering from the tornado that ripped through their town. With the assistance of the Joplin Rotary clubs, they have arranged a list of work days, once a month from now through December. These dates are listed below in an email from one of the Joplin Club past presidents. We would welcome any Rotarians from your District to join us on our Rotary workdays.

Thank you.

District Governor Danny Mitchell  
District 6110

My fellow Rotarians,

On behalf of both Joplin clubs, I want to thank everyone who came to our first official Joplin workday on July 30<sup>th</sup>. We had over 100 Rotarians knocking down damaged houses, sorting debris and moving a clothing distribution center. We feel extremely blessed for our Rotary family!

Our next workday is on Saturday, August 13<sup>th</sup>. I know it's really close to our last one, but we had 5 different schools that were destroyed in the tornado—4 in the Joplin public system and one private Catholic school. I'm not exactly sure where we will end up, but both school systems need our help before school starts the week of August 15<sup>th</sup>. It has been estimated that 52% of all Joplin school children were displaced because of the tornado. We would love to make them feel at home in their "new" schools!

If you would like to participate, please contact the Joplin Rotary Tornado Volunteer Projects chair, Valerie Searcy ([vsearcy@unitedwayswmossek.org](mailto:vsearcy@unitedwayswmossek.org)). We will need a final count of how many people we have by August 10<sup>th</sup>. We will again be

Clean Rounds for Clean Water  
comes to the National...

## Clean Rounds for Clean Water comes to the National Horse Show in Lexington November, 2011

A Rotarian from Dallas, Jo Jo White, is very active in equestrian circles. She will attend the National Horse Show in November. Jo Jo is also committed to Rotary's area of focus "Water & Sanitation".

She will have a display booth at the Show for her cause "Clear Rounds for Clean Water". Monies she raises will go through

Wasrag (Water & Sanitation Rotarian Action Group) to Rotary club water & sanitation projects in the developing world.

Wasrag will provide promotional materials for the Show (see [www.startwithwater.org](http://www.startwithwater.org)) But, she welcomes the support of every Rotarian in D-6740 who shares her passion for horses and for Water & Sanitation.

Please spread the word to your clubs about this opportunity to support the most important of Rotary's area of focus.

There will be more information on this in upcoming newsletters. Here is some information about her past projects.

**January 2011**

I would like to thank all those who have supported and encouraged the long-term goals and vision of Clear Rounds for Clean Water. I am very grateful for all of the interest generated in such a relatively short period of time. Since its inception as a 501(c)(3) corporation in July of 2009, Clear Rounds for Clean Water (CRforCW) has been able to make significant financial contributions to several water projects. By joining forces with major worldwide non-government organizations CRforCW capitalizes on matching grants, proven sustainability of water and sanitation projects and accountability directly from personnel and volunteers in the field or on site. We are in Northern Uganda with Rotary International and World Vision; Trujillo, Colon, Honduras with Hands to Honduras and the Rotary Club of Port Isabel, Texas; and Southern India with Living Water International.

**Rotary District 5950, Rotary International,****Gulu Rotary and World Vision in four districts in Northern Uganda.**

Since the project launch on March 19, 2010 at the Paicho Primary School where the

first completed bore hole was dedicated, we are thrilled to report that to date we have successfully drilled or rehabilitated an additional 44 wells throughout the project area. This progress is not only ahead of schedule but considerably under budget.

**Rotary Club of Port Isabel, Texas, and Hands to****Honduras in Trujillo, Colon, Honduras.**

This project is developing a clean water supply for 6,000 residents of Barrio San Martin; building a dam, laying new pipeline from the dam to a new 42,000 gallon tank, a slow sand water filtration tank, a clean water tank with chlorinator and a back up well to insure

consistent moisture for the filter system and maintain water pressure in the distribution pipeline.

### Living Water International in India

CRforCW funded the rehabilitation of a water well hand pump in Hyderabad, Andhra Pradesh in Southern India. As we move into a new year of some economic uncertainty financial support of charities is done with great discernment and scrutiny. CRforCW pledges to continue its efforts to help alleviate the world water crisis, to research viable

water and sanitation projects that are realistically sustainable and to finance such projects that are supported by committed indigenous persons and unwavering volunteers. Clear Rounds for Clean Water has in the past and will in the future make every penny of your donated dollar stretch to its maximum value. Please remember the terrible circumstances of more than 884 million people (roughly 1 in 8) that suffers from a lack of clean safe water. We welcome your continued support as we expand our efforts, seek donations and sponsorships.

Thank you again,

Jo Jo White

## Council on Legislation

An announcement from Council Services

Dear Rotarian,

As we are now in the first quarter of Rotary's 2011-12 year, there is less than 6 months to submit proposed legislation for the 2013 Council on Legislation. RI must *receive* proposed legislation, along with its certification form signed by the district governor and proposer's purpose and effect statement, no later than **31 December 2011**.

For districts holding a conference between now and December, legislation can still be proposed or endorsed at a district conference. Districts that do not have a district conference before the deadline should know that where time does not allow for legislation to be submitted to a district conference, a ballot-by-mail may be conducted.

Additional information about and useful tools for the 2013 Council have been posted on the Council on Legislation section of the RI website (<http://www.rotary.org/col>).

If you have any questions about the Council on Legislation, please let me know.

Sincerely,

Maureen Ninneman  
Council Services Manager • Rotary International  
1560 Sherman Avenue • Evanston IL 60201  
+1-847-866-3302 • Fax: +1-847-556-2123
